### Have a Festive Fourth!

Jaime Derringer, Founder and Editor of Design Milk, Shares Her Top Modern Picks for a Backyard Blast! Thinking about having a backyard barbecue for the Fourth of July only to realize your outdoor space is far from setting off any fireworks? Why not spruce up your space with some modern furniture and décor and

### Transforming Your Outdoor Living Room with George Hirsch

Does your Outdoor Living room have conversation pieces? I'm not referring to fancy artwork, but rather quality outdoor furnishings that are comfortable for you and your guests to sit comfortably, converse and enjoy your open air seating space at leisure

### Outdoor Dining Style with George Hirsch

One of the most favorable compliments I receive from my guests while entertaining is, "You make it look so easy". Sure, they offer their appreciation for how tasty the food is and how great everything looks; but I am most flattered with that statement about making it look effortless

### Trending: Gazebos

I think it's safe to say that summer is in full swing. Here, at Sears, we think it's important to enjoy this wonderful season while we have it, and sometimes that means braving some serious heat. How are we going to beat the heat this year you ask? One word, three syllables – Ga-ze-bo. Gazebos
